Ok. I've sent to Alexis. I asked her to get in touch with Hadas on timing, but if you want to let Hadas know too, that'd be good.

I think so. There might be some sig nex stuff I can help out on, but I think the WTS is the main issue.

[REDACTED] If that's right, then yes, I'll send along to Alexis.

I think this is mostly a waste treatment exclusion issue, so should it go to Alexis?

Hi Karyn,

ex. b5 - deliberative

I think we have met before, but just in case – I'm an ORISE on Donna's JD team and act as our region 8 liaison.

A little background first:

We have a JD that's been floating around for a while regarding Climax Mine, located in CO, which has been inactive for a few years and is now seeking to expand and resume operation. The Corps is handling the JD with a site visit scheduled for next week, and has been closely collaborating with us and the region (Erin Perkins is familiar with the case), doing a great job at keeping us in the loop.

Just in case you are willing to go over it – I've attached it to this email. Let me know if you would like a copy of the maps to get a general idea of the area in question.

Thanks,
Hadas
